#### How Did We Do It?

By using superior fabrics showcasing key trends such as soft mélanges, cotton hand-feels and performance aspects, our quality and innovation are second to none. And it's in our signature corporate styles like the CrownLux Performance™ Plaited Polo family on pages 40-42, where we flipped the script on fabric engineering by knitting strong, smooth wicking polyester on the outside and plaiting it to soft-as-cotton wicking blend on the inside. The result? An incredibly luxurious fabric with the performance features you demand and softness you want next to your skin.

## Luxury, Comfort & Performance in One

Complete your look with our
CrownLux Performance™ dress shirts on
pages 87-89 plus knits and layering pieces
on page 124. They are the right balance of
comfort and performance. And don't forget to
add in a CrownLux Performance™ cap
on page 337, with a special stretch fabric
for hours of comfortable wear.

# **How to Measure**

CHEST: Measure just under the arms, across fullest part of chest, around shoulder blades holding tape firm and level.

WAIST: Measure your natural waistline, keeping one finger between the tape and the waist.

**HIP:** Stand and measure around the fullest point of hips.

**SLEEVE LENGTH:** With arm relaxed at side and slightly bent, measure from center back neck, over the shoulder, down to the outer wrist.

**INSEAM:** Stand and measure from center crotch to bottom of ankle bone. (Please refer to specific style for garment inseam length.)

**UNISEX:** Men's medium is similar to ladies' large.

Sleeve length will be about 1-1½" longer. Body of garment is not form fitting. Unisex medium is equivalent to men's medium through chest and sleeve length.

## **TALL SIZES:**

Men's garments have added length in the body and sleeves. Short-sleeves are 1" longer, long-sleeves and body length are 2" longer.
