LOOKING FOR IDEAS

THAT REALLY STAND OUT? The Big Accessories design experts will help you create distinctive merchandise that meet your specific requirements, as well as your budgetary needs and time constraints. We're constantly introducing new treatments and concepts so you'll always stay ahead of the design curve. CALL OUR CUSTOMER SERVICE DEPARTMENT TO INQUIRE ABOUT CUSTOM PRODUCTS.

CLIENT LIST Our client's brands are the best of the fashion, active-wear, entertainment and retail industries. While many of our clients have the resources to manufacture their own accessory products, they leave that responsibility in our capable hands so that they can focus on their core products.

PRODUCT CATEGORIES With a history of manufacturing dating back more than 40 years, Big Accessories has the capacity to produce nearly any item found in the retail marketplace. Our capabilities encompass a wide range of product categories, including the following: headwear, bags, wallets, belts, apparel, sports bags and accessories, home decor, pet products, promotional products and lifestyle accessories.

CUSTOM DESIGN PROCESS We provide a true turn-key service from prototype concepts to drop ship delivery. Our experienced design staff has the ability to create fashion forward products with an extensive range of custom fabrication processes, fabrics, trims and embellishments. Our long-term partnerships with the most reliable and responsible factories in Asia ensure our customers of excellent quality control, timely deliveries and factory-direct pricing.

COMMUNICATION Each project is assigned an individual Production Manager who actively monitors the status of your product on a daily basis from the first stages of development until the completed order is delivered to your warehouse.

TIME TABLE Original prototypes will take 2 to 4 weeks to produce depending upon the complexity of the product. Once a pre-production sample has been approved, the bulk production will take 45 to 60 days based upon the type of item and materials required. Standard ocean freight requires 30 days. Rush shipments can be delivered in 10 days via air freight for an additional charge.

PRICING & ORDER QUANTITIES We offer both landed duty paid and FOB factory programs with competitive pricing. Our standard minimum order quantities are 600 pieces for hats and bags. Order quantities for all products will vary depending upon materials and embellishments.

PACKAGING & EXPORT/IMPORT LOGISTICS Big Accessories offers complete packaging services including custom labels, display boxes, hangtags, price ticketing, bar coding, and shipping marks. We manage the entire process from preparing import documentation to delivering floor-ready merchandise.

CODE OF CONDUCT Big Accessories works only with factories who share our commitment to manufacturing quality products and providing a safe and healthy working environment for all employees. We make sure each factory meets all legal, wage, child labor, overtime, health, safety and environmental standards required by the country of manufacture. Factory visits throughout the year ensure compliance to our high standards for product quality and code of conduct. All products are accurately labeled, clearly identified and documented to meet U.S. Customs requirements.
